Annually, the Board will buy all unused sick leave days above one hundred fifty (150) days at the rate of sixty dollars (\$60.00) per day. This money shall be deposited no later than July 15th into an individual 401(a) account which has been established by the Board for each teacher. Said 401(a) shall be one hundred percent (100%) vested upon deposit. The vendor shall be mutually chosen by the Board and the Association.

These annual accumulated days may be used as follows:

In cases of serious illness, major surgery, or serious accident where a teacher with more than five (5) years of experience at Northeast School Corporation uses all accumulated sick leave, the Board may, after consultation with the officers of the Association, grant said teacher up to twelve (12) additional days of sick leave. Leave will be repaid in subsequent years of teaching service at four (4) days per year until the additional days are repaid. 3. A voluntary emergency sick leave bank shall be operational. To join the bank, each bargaining unit member shall contribute two (2) days from his/her sick leave accumulation to the bank. A committee of the local President and two teachers selected by the President will evaluate each request. Their determination will be final. A member of the sick leave bank may draw up to forty-five (45) days per draw, provided, however, the maximum accumulative draw per teacher per school year shall be ninety (90) days. Authorization for the use of the days in the emergency sick leave bank shall be made in writing by the President of the Association to the Superintendent. Sick leave bank days shall not be used by a disabled teacher once the elimination period has elapsed for long term disability insurance, and said teacher is eligible for long term disability insurance.

4. With or without a written request, the school corporation may place a teacher on leave of absence for a period not exceeding one (1) year because of disability or sickness. However, a teacher not having made a written request, shall have the right to a hearing on such action in accordance with the provisions of law.

This time may be granted in one-half (1/2) day periods. If additional funeral days become necessary during the year, they may be granted without pay by the Superintendent of Schools or his designee. The teacher must ask for this leave at least 24 hours preceding time requested.

K. Violation of any of the provisions relating to sick leave or leaves of absence or making a false report regarding any type of leave, shall subject the member committing such violation or making such false reports to disciplinary action by the Superintendent, and shall constitute a cause for termination of contract.

The school board shall establish a 401(a) account for each certified staff member with the Principal Financial Group as the vendor (or a mutually agreed upon vendor). This shall be an employer funded non-matched annuity for each certified staff member.

Each month, the school board shall deposit two percent (2%) of each certified staff member's gross Appendix A monthly salary into each member's 401(a) account. These monthly deposits shall be made no later than the twelfth calendar day of the following month.

Certified staff members become fully vested in this severance annuity program upon completion of five (5) years of Northeast School Corporation experience. Certified staff members receive twenty percent (20%) vesting for each completed year of Northeast School Corporation experience. Should any certified staff member leave Northeast before being one hundred percent (100%) vested in this program, the money remaining in the certified staff member's account shall be returned to the school corporation and shall be added to the revenue available at the bargaining table in the next round of bargaining as money available for a new contract settlement.

A certified staff member shall also be fully vested and eligible to access this severance annuity benefit when the certified staff member has been receiving the LTD benefit provided in this collective bargaining agreement for twelve (12) consecutive months. The certified staff member would receive the percentage of vesting he/she had at the time he/she began receiving the LTD benefit.

Appendix L is attached to this contract and made a part of the contract. The chart identifies each certified staff member who did receive some amount of money in the lump sum buy out in 2002. For each such certified staff member, the year that he or she indicated as his or her retirement year is listed by his/her name. Should any of these certified staff members work longer and retire later than he or she indicated, then the two percent (2%) severance annuity program payments are to stop at the conclusion of the year on the chart.

J. Retirement Bonus

A bargaining unit member's written election to receive the Retirement Bonus in the amount of \$1822 per year must be submitted on or before July 1st. The Retirement Bonus begins at the beginning of the school year after the teacher provides written notice to the superintendent's office.

In order to qualify for the retirement bonus, a teacher must have fifteen (15) years of credited teaching experience in the Northeast School Corporation under a regular or temporary contract, and have twenty (20) total years of credited teaching experience.

No teacher shall be eligible to receive more than seven (7) years of the retirement bonus.

Section 2. Retirement Program

A. Notice of Retirement

Employees electing to retire will give their notice in writing to the school corporation no later than February 1. The employee's notice shall include a letter of resignation to be effective at the end of the final teaching contract, or to be effective the day after his fifty-fifth (55th) birthday if the employee is not yet fifty-five (55) years of age. In the event an eligible teacher is unable to give the required notice of retirement and is forced to retire as a result of an accident or ill health, or other unforeseen event, the School Board may waive the required notice of retirement and pay the retirement pay by appropriate adjustment of the teacher's current contract

B. SEA 199 Agreement

Effective Date: The following amendments are made to the Master Contract between the Northeast School Corporation and the Northeast Classroom Teachers Association, hereinafter the "Board" and the "Association" respectively, and signed the 13th day of March, 2006. These amendments shall be effective with respect to any teacher retiring after the signed date of this Master Agreement.

C. Buyout of Retirement Benefits

1. Elimination of Prior Agreement's Retirement Benefits - The Board and the Association specifically reserved the authority to revise or terminate the retirement benefits contained in earlier Master Contracts. Exercising this authority, the Board and the Association now confirm that Article XII, Section 2, entitled "Retirement Program", contained in the Master Contract immediately before this amendment's effective date are terminated and shall not apply to any teacher retiring from this school corporation on or after this amendment's effective date.

2. Vesting Requirements – A teacher shall be fully vested in the retirement benefits described in this Section if the retiring teacher has satisfied the following requirements:

has fifteen (15) years of teaching service with Northeast School Corporation, and is at least fifty-five (55) years of age during the calendar year of retirement. If an employee wishes to retire, but is not fifty-five (55) at the conclusion of a school year, but will be fifty-five (55) by the end of the calendar year, the employee may take an unpaid leave of absence and retire effective the day after his fifty-fifth (55th) birthday.

A certified staff member shall also be fully vested and eligible to access this severance annuity benefit when the certified staff member has been receiving the LTD benefit provided in this collective bargaining agreement for twelve (12) consecutive months.

3. Actuarial Determination of Value of the Current Retirement Benefits

The Educational Services Company has been selected to determine the present value of the unfunded retirement benefits described in the prior Master Contract. In making this present value determination, the Educational Services Company shall use the following assumptions:

- a. Interest Rate.** The assumed interest rate for the purpose of determining the present value is four percent (4%) in the first two (2) years of the plan, and seven and one-half (7.5%) each year thereafter. However, for post-retirement cash flow purposes, a four percent (4%) interest rate shall be used.
- b. Retirement Age.** It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-eight (58), or at the end of the current school year, if the individual is already age fifty-eight (58) or older. If an employee does continue employment after the attainment of age fifty-eight (58), the employee does continue to receive all ongoing Board contributions to the annuity to which the employee is entitled.
- c. Termination Assumption.** The Termination Assumption shall be calculated using the Sarinson T3 Actuarial Table agreed to on the Buyout summary sheet.
- d. Retiree Health Insurance.** For purposes of calculating the value of the retirement health insurance found in Article XII, Section D of the 2003-2005 Master Contract, the parties agree to use an assumed annual post-retirement group health insurance cost of eight thousand dollars (\$8,000.00) for the single premium, with an assumed annual inflation rate of zero percent (0%). The parties assumed that the retiree received this benefit from the time of retirement until the date the retiree becomes eligible for Medicare. The present value of the retiree health insurance benefit was calculated assuming that teachers do not retire until the teacher has met the requirements outlined in Section 2, Vesting Requirements, above.

(i) Group Health Insurance

Immediately following retirement, the teacher, and his/her spouse, shall have the option of remaining in the Board's current group health insurance plan if all of the following conditions are met as of the date of retirement and thereafter:

(a) While the retired teacher, spouse and eligible dependents, if any, remain enrolled in the health insurance plan, the retired teacher and spouse shall pay the entire insurance premium applicable to the insurance coverage.

(b) Within ninety (90) days of the retirement date, the teacher has provided a written request to the Board for insurance coverage for the teacher, spouse and eligible dependents, if any.

(ii) When a retired teacher first becomes eligible for Medicare, the teacher's eligibility to continue to participate in the Board's group health insurance plan shall terminate, if not earlier terminated according to applicable law. This same termination of eligibility shall also apply when a retired teacher's spouse first becomes eligible for Medicare. It is acknowledged that the parties intend these provisions to comply with applicable federal and state laws that establish an eligible teacher's right to health insurance for the teacher and spouse, including if otherwise applicable, Indiana Code 5-10-8-2.6. Therefore, this right to extended coverage shall not override any rights to continuing health care coverage as required by COBRA

(iii) Other Insurances. Employees retiring after age fifty-four (54) shall be able to remain on the school corporation's group dental and/or vision insurance plans as long as there is no lapse in coverage until the employee reaches the age when eligible for Medicare. Beginning with the third month after the last month in which the employee worked, the employee is responsible for paying the full premium each year. The group term life insurance may be converted to an individual life policy with the employee responsible for paying the full premium each year beginning the third month after the last month in which the employee worked

e. Sick Day Buyout.

(i) As part of the Buyout Program, in the 2005-06 school year, teachers who have accumulated over one hundred fifty (150) sick leave days as of June 30, 2005, shall have those sick leave days in excess of one hundred fifty (150) bought on a present value basis of one hundred twenty-five dollars (\$125.00) per day.

(ii) The benefit regarding payment for accumulated sick leave days between zero (0) and one hundred fifty (150) days will be paid to teachers who give notice of retirement, in accordance with Section 2. A. Notice of Retirement above, at a rate of sixty-two dollars (\$62.00) per day. This amount will be paid prior to the

retiring teacher's effective retirement date. Of this amount, two thousand dollars (\$2,000.00) shall be reported by the Board to the Indiana State Teachers Retirement Fund on behalf of the retiring teacher prior to his/her effective retirement date. All monies due the retiring teacher shall be paid into the teacher's 401(a) account.

- f.** FICA. The present value of future retirement benefits will be reduced by the Social Security and Medicare taxes (FICA) that would have been payable by the teacher if the benefits would have been paid directly.
- g.** Exclusion of Employees. Teachers hired after the effective date of this Master Contract shall not be entitled to any payment for retirement benefits. In other words, no contribution shall be made for individuals whose first contractual day is after the effective date of this Master Contract.
- h.** Mortality. A mortality discount using the Uninsured Pensioners 1994 Table shall be applied.
- i.** Using the above assumptions and the other assumptions contained on the buyout spreadsheet, the Educational Services Company shall prepare the present value calculations for each teacher and the contributions described herein shall be made into each teacher's 401(a) annuity and VEBA accounts. Said 401(a) annuity and VEBA accounts shall be administered by a mutually agreed upon vendor.

D. Buyout Contributions

1. VEBA. The school corporation shall contribute to a voluntary employee's beneficiary association ("VEBA") as described in section 501(c)(9) of the Code, that amount representing the present value of those benefits as calculated in Section 2. C. d. Retiree Health Insurance above. The terms and conditions for the administration and operation of the VEBA shall be as follows:

- a.** The amount calculated for each teacher will be invested in a separate account. There will be no commingling of accounts and each teacher may determine how his/her account shall be invested among the investment options made available by the vendor for the VEBA.
- b.** Until such time that a teacher has retired and satisfied the eligibility requirement set forth in this Section, the teacher shall have no access to the assets held in his/her separate VEBA accounts. A certified staff member shall also be fully vested and eligible to access this severance annuity benefit when the certified staff member has been receiving the LTD benefit provided in this collective bargaining agreement for twelve (12) consecutive months.
- c.** If a teacher retires, or otherwise terminates employment, before satisfaction of the requirements set forth in this Section, the terminated teacher's VEBA account

shall be forfeited. Teachers whose positions are eliminated by a reduction in force shall not forfeit their individual VEBA account assets until their rights to recall have expired. Teachers who are reduced and who are eligible for and fully vested in the retirement benefits buyout shall be entitled to all monies in his or her buyout at the time he or she is removed from the recall list. Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present value calculations. Therefore, the VEBA accounts of the following teachers will not share in the reallocation of a forfeiture of a VEBA account:

- (i) Teachers who forfeited their VEBA accounts in the same year;
- (ii) Teachers who previously forfeited their VEBA accounts; and
- (iii) Teachers who have attained the age of fifty-eight (58) before the year of the reallocated forfeiture.

d. Following retirement and the satisfaction of the requirements set forth in this Section, a retired teacher may use the amounts held in his/her separate VEBA account to pay health insurance premiums, group term life insurance premiums, and to be reimbursed for un-reimbursed medical expenses of the teacher, spouse, and dependents. Furthermore following the death of a teacher who had otherwise satisfied the requirements of this Section, any amounts remaining in the deceased teacher's VEBA account may continue to be used to pay these premiums and expenses of the teacher's spouse, and tax dependents. At no time, may the VEBA make loans to a teacher, his/her spouse, or his/her dependents.

e. The school corporation shall not be paid any compensation for its services performed on behalf of the VEBA. All costs incurred in the administration of the VEBA and investment fees shall be paid from the VEBA assets.

2. 401(a) Plan. The school corporation shall establish a qualified retirement plan as described in section 401(a) of the Code. The amount calculated by Educational Services Corporation as the present value of those benefits as calculated in Section 2.

3. c. 1 and 2 (Non-excess sick day benefit amount and Excess sick day benefit amount) above shall be deposited in said 401(a) account. The single investment vendor for the 401(a) plan shall be a vendor mutually agreed upon by both parties. The 401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:

a. The amount calculated for each teacher will be invested in a separate account. There will be no commingling of accounts and each teacher may determine how his/her account shall be invested among the investment options made available by the investment vendor for the 401(a) plan.

b. Until such time that a teacher has retired and satisfied the eligibility requirements set forth in this Section, the employee shall have no access to the assets held in his/her separate 401(a) plan account. A certified staff member shall also be fully vested and eligible to access this severance annuity benefit when the certified staff member has been receiving the LTD benefit provided in this collective bargaining agreement for twelve (12) consecutive months.

c. If a teacher retires or otherwise terminates employment before satisfactions of the requirements set forth in this Section, the terminated employee's 401(a) plan account shall be forfeited. Teachers whose positions are eliminated by a reduction in force shall not forfeit their individual account assets until their recall rights have expired. The forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. However, a teacher who is reduced, and who is eligible for and fully vested in the severance pay buyout, shall be entitled to all monies in his/her 401(a) account at the time he/she is removed from the recall list. Therefore, the 401(a) plan accounts of the following teachers will not share in the reallocation of a forfeiture of a 401(a) plan account:

- (i)** Teachers who forfeited their 401(a) plan accounts in the same year;
- (ii)** Teachers who previously forfeited their 401(a) plan accounts; and
- (iii)** Teachers who have attained the age of fifty-eight (58) before the year of the reallocated forfeiture.

d. Following retirement and the satisfaction of the requirements set forth in this Section, a retired teacher may elect to commence distributions from his/her 401(a) plan account. Following the death of a teacher who had otherwise satisfied the requirements of this Section, the deceased employee's 401(a) plan account shall be distributed to the deceased teacher's designated beneficiary or to his/her estate, if no beneficiary designation has been made. At no time may a participant borrow from his/her 401(a) plan account.

e. The school corporation shall not be paid any compensation for its services performed on behalf of the 401(a) plan. All costs incurred in the administration of the 401(a) plan and investment fees shall be paid from the 401(a) assets.

f. The parties agree that this Section, or any other provision of this Master Agreement, does not constitute an expectation of receiving the enumerated retirement benefits by any current teacher, future teacher, prospective teacher or applicant beyond the expiration of this Master Contract. Therefore, except as otherwise limited by applicable law, it is understood that the Board and the Association may in the future bargain modifications of any kind to this provision, provided however, that the future revision of this Section shall not affect the retirement benefits of teachers already receiving benefits pursuant to this Section.

**ARTICLE VIII
GRIEVANCE PROCEDURE**

Section 1. Definitions

1. A "grievance" is an alleged violation or claimed misinterpretation of a specific article or section of this Agreement.
2. The term "teacher" includes any individual or group of individuals in the bargaining unit.
3. The term "day" when used in this Article shall mean teacher work days. During the summer recess, the term shall mean weekdays (Monday through Friday).

Section 2. Grievant and Representation

An individual employee, or group of employees, may present a grievance and may do so through the exclusive representative, and the exclusive representative may thus be given an opportunity to be present at all stages of the grievance machinery. The adjustment of all grievances shall not be inconsistent with the terms of this Contract.

Section 3. Procedure

Step One

A grievance may be initiated in one (1) of the following ways:

1. Within seven (7) working days of the time a teacher has actual knowledge of a grievance, the teacher may approach the building principal concerned and discuss the matter in his own behalf.
2. The teacher may request that a representative of the Association accompany the teacher and in such case the building supervisor shall not initiate any consultation with the grievant prior to any scheduled meeting at which the representative is to be present. Within four (4) working days after presentation of the grievance, the principal shall give his answer orally to the teacher.

Step Two

In the event the grievance is not resolved in Step One, the grievant within five (5) working days of receipt of this answer, may file a formal grievance in writing with the building principal. Any grievance not so represented in writing in Step Two shall be deemed waived and shall not be processed.

1. The grievance form shall be filed in quadruplicate with one (1) copy for the Association, the grievant, the building principal, and the school central office.

2. The grievance form (included as Appendix D), shall (1) name the employee(s) involved, (2) state the facts giving rise to the grievance, (3) identify the specific provisions of this Agreement alleged to have been violated or misinterpreted, (4) state the contention of the grievant with respect to the grievance, (5) indicate the specific relief requested, and (6) be signed by the employee(s).

3. The teacher may request a meeting with the building principal and the Association representative may accompany the grievant. In any event, within five (5) days after receiving the written grievance, the building principal shall communicate his answer in writing to the grievant and the Association representative, and said answer shall be attached to the grievance.

Step Three

1. If the grievance is not resolved in Step Two, the teacher may, within five (5) days of receipt of the building principal's answer, appeal to the superintendent, or his designee, by filing the grievance and the principal's answer, along with a written response of the teacher, if desired, with the Office of the Superintendent, which shall receipt therefore. Any such response by the grievant shall be attached to the grievance.

2. The teacher may request a meeting with the superintendent, or his designated representative, and the Association representative may accompany the grievant. The superintendent, or his designated representative, shall give the teacher an answer in writing no later than ten (10) days after receipt of the written grievance properly filed with the Office of the Superintendent. Such answer shall be attached to the grievance.

Step Four

In the event the grievance is not resolved at Step Three, the Association may appeal to the Board within twenty (20) days after receipt of the decision in Step Three, pursuant to the following procedure:

1. The teacher may request a meeting with the Board, and the Association may accompany the grievant to this meeting, where the teacher may present his grievance in an informal manner to the Board.

2. The ultimate decision on the grievance will thereafter be rendered by the Board, and its decision shall be final and binding on the Association, its members, the employee or employees involved.

Section 4. Other Provisions Relating to the Grievance Procedure

1. At his option, a teacher may bypass Step One of this procedure.
2. No reprisal of any kind shall be taken by or against any participant in the grievance procedure by reason of such participation.

3. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel file of the participant and are not valid basis for evaluation.

4. Time limits herein may be extended only by mutual agreement, signed by the parties.

5. Time limits herein apply to teachers on leave of absence, other than sick leave, as if such teacher were present and working.

6. No steps of the grievance procedure shall be conducted during the time the teacher has any assigned duties.

7. If there is a failure at any step to communicate the decision on a grievance within the specified time limit, the grievant shall then have the right to appeal at the next step of the procedure.

8. Any grievance not advanced from one step to the next within the time limits, shall be deemed resolved by the answer at the previous step.
