The Board shall require certification from the physician of her ability to return to work.
- e. - f. Upon a teacher's return to work, the Board shall assign the teacher to the same position held by such teacher when the leave commenced, except where the teaching assignment has been abolished. Such alternate assignment shall extend solely to the end of the current semester if the disability began within such semester.
- g. In any case, the teacher if otherwise entitled to a contract at the commencement of the next school year, shall be assigned in accordance with the policies and applicable law governing reassignment as though the teacher had taken no leave, subject however to dismissal for reduction in staff in accordance with the procedures under applicable law.
- h. Any pregnant teacher may use up to five (5) accumulated sick days to receive up to five (5) paid parent leave days following the birth of the child during the temporary disability period as described in subsection (b) above.
- i. Any non-pregnant parent of a child may use up to five (5) accumulated sick days to receive up to five (5) paid parent leave days following the birth of the child.

10. Adoptive Leave

When a child is adopted by a teacher, that teacher shall be granted, upon written notification, up to thirty (30) consecutive work days from the

While on paid leave and when allowed under that plan, the Board will continue its prior contributions to the teacher's benefit plan(s) and all contributions will be prorated to the length of the remaining portion of the teacher's contract.
3. If the teacher cancels participation in any plan during a leave of absence, the teacher may be not be allowed to automatically reapply, may be required to undergo evidence of insurability, and/or or the coverage may have restrictions which must be met before participation can resume.

C. FAMILY and MEDICAL LEAVES

Regulations regarding FMLA are contained in the policies of the School Board, as amended from time to time.

ARTICLE IV - ADMINISTRATION OF THE SALARY SCHEDULE

A. Performance Based Compensation

1. Starting Salary

The new teacher starting salary schedule is included as Appendix A below. One year for each year of service in a school corporation will be granted for an Indiana School corporation on the starting salary grid. Administration will consult with the WEA on specialized or difficult to fill teaching positions that may require a unique salary placement for certain new hires on the New Teacher Starting Schedule.

The School Corporation will cap compensation for verifiable years of service in an out of state School Corporation at 10 years on the starting salary grid.

2. Performance Based Compensation

A. General Provisions

The salary range is \$42,056-\$92,318. New teachers for the 2021-2022 school year will not be eligible for any increase.

This section will be applicable to any raise or increase provided to teachers after his/her initial year of employment as a teacher. The Performance Based Compensation will be based on the statutory criteria of Evaluation, Experience, and Academic Needs of Students.

Teachers who receive an evaluation rating in the prior year of "needs improvement" or "ineffective" are ineligible for any raise, increase, or stipend for the 2021-2022 school year, except for a teacher in the first two (2) full school years that the teacher provides instruction to students in elementary school or high school. If a teacher provides instruction to students in elementary school or secondary school in another state, any full school year, or its equivalent in the other state, that the teacher provides instruction counts toward the two (2) full school years.

The amount that would otherwise have been allocated for the salary increase of teachers rated ineffective or improvement necessary shall be equally distributed among all eligible teachers who are not rated improvement necessary or ineffective in the form of a one-time stipend.

B. Teacher Compensation Increase

1. Academic Needs: Teacher Retention Catch-Up

In accordance with the 2021 IEERB Compliance Rubric, eligible teachers will be placed onto the reconfigured salary schedule found in Appendix A in a row and column commensurate with their education and experience, based on meeting the academic needs of students, defined as retaining effective and highly effective teachers by maintaining a competitive compensation system. This increase is a differentiated teacher retention catch-up.

2. Evaluation and Experience:

After determination of a compensation increase based on Academic Needs above, eligible teachers for the 2021-2022 school year will then receive a salary increase of \$2,200 to his or her base salary based on 100% state funding based on the below statutory factors:

- a) Evaluation (80% of increase): Teachers not rated “improvement necessary” or “ineffective” as stated in the law will be eligible under this factor.
- b) Experience (20% of increase): Teachers will be eligible under this factor with an additional year of experience defined by the Teacher Retirement Fund (a year of experience defines as employed 120 contract days during the 2020-2021 school year)

Salary adjustment will be given retroactive to the start of the school year for which an increase is being given. The adjustment to a teacher’s salary will be retroactively applied starting from the first teacher work day of the current school year. Teachers who resign and who are not eligible for retirement will not be eligible for the adjusted retroactive compensation based on the previous year’s evaluation.

3. Teachers in their 2nd Year of Experience:

For those teachers who in their initial year did not receive an evaluation of “improvement necessary” or “ineffective” for the 2020-2021 school year shall receive the greater compensation increase as provided above OR the amount needed to raise their base salary to the appropriate starting salary as shown in Appendix A.

4. Academic Needs of the Students One Time Stipend.

- A. The Academic Needs of the Students require that their needs be met which require such abilities of teachers to be approved by universities and colleges to teach dual credit courses. The qualification standards for the approval of teachers has recently been modified to impose tough qualification standards. It is essential for the academic needs of the students that the School District has qualified teachers which will be approved to teach such dual credit courses. Therefore, based on the Academic Needs of the Students, the following stipend incentives are:
- a) A teacher being approved by a university or college to teach dual credit classes in academic areas which will allow the student to receive dual credit with the high school and the university or college will receive a one-time stipend of One Thousand Dollars (\$1,000.00). Dual credit courses in Academic Areas and Career Technical Education (CTE) for the purpose of this provision shall mean the approval of the teacher by a university or college which requires hours beyond a Master's Degree.
 - b) A teacher receiving a National Board Certification will receive a one-time stipend of One Thousand Dollars (\$1,000.00).
 - c) A teacher obtaining an endorsement in ELL and/or Gifted and Talented will receive a one-time stipend of Seven Hundred Fifty Dollars (\$750.00).
 - d) A teacher obtaining a master's degree in the current area in which they teach, an education area, educational leadership or any other master's degree and that has received prior approval from the School District will receive a one-time stipend of One Thousand Five Hundred Dollars (\$1,500.00).
- B. The rates of pay for extra duty assignments are set out in Appendix B. Listing a position and/or rate of pay in this appendix does not mandate that the assignment will be offered. Addendum to the Regular Teacher's Contract for such extra duty assignments may be offered to teachers at the discretion of the Board. Extra duty assignments, contract addendum, special assignment pay, extended day contracts and/or assignments in lieu of regular classroom duties are offered for one year only, unless renewed by the Board; continuous contract rights do not apply to such assignments. Teachers on special assignments in lieu of regular classroom duties may be reassigned to a classroom at any time, but the teacher's contract amount will not be altered for the duration of the teacher's contract.

- C. An amount of pay will be announced for any curriculum work prior to any teacher being asked to volunteer or agree to perform such work. Compensation for each project shall be determined by the Superintendent. Portions of this provision unrelated to wages are the Board's policy, were not bargained and included for informational purposes only.
- D. Payroll deductions shall be withheld from every paycheck for required withholdings (e.g. federal and state income taxes, social security and Medicare taxes, county income taxes).

A. Definitions

2. The term “grievant” includes any teacher or group of teachers in the bargaining unit or the Association itself.
3. The term “day” when used in this Article shall mean teacher days as that term is used in the school year of 184 days. During the Summer recess, the term shall mean weekdays (Monday through Friday).
4. The “grievance procedure” is a method to secure, at the lowest possible administrative level, an equitable solution to grievances.

B. Grievant and Representation

A grievance may be filed (a) by a teacher, (b) by the Association on behalf of an unnamed teacher, (c) by a group of teachers or (d) by the Association on behalf of all teachers.

C. Procedures

Grievances will be initiated informally with a teacher's immediate supervisor. Grievances arising from the action of an official other than the teacher's immediate supervisor may be initiated with the appropriate administrator or with the Superintendent (Informal Step).

D. Steps

Informal Step

1. A grievance may be initiated in one of the following ways:
 - a) The teacher may approach the principal or appropriate administrator and discuss the matter on his/her own behalf; or

- b) The teacher may request that a representative of the Association accompany them and, in such case, the administrator shall not initiate any consultation with the grievant prior to any scheduled meeting at which the representative is to be present.
2. Any grievance not presented in the informal Step within fifteen (15) days of the time the grievant knew, or reasonably should have known, of the alleged violation shall be deemed invalid.

Formal Step One

1. In the event the grievance is not resolved in the informal Step, the grievant may file a formal grievance in writing with the principal or appropriate administrator. The grievance shall be presented in writing within ten (10) days of the completion of the Informal Step. In submitting and/or advancing a formal grievance to an administrator, the teacher or the Association will include all of the following information in a written statement:
 - a) Name of grievant;
 - b) Facts pertaining to the grievance (including date of the incident);
 - c) Specific provisions of the Negotiated Agreement alleged to have been violated or misinterpreted or misapplied;
 - d) Position of the grievant or the Association;
 - e) Relief, remedy or action that is sought by the grievance; and
 - f) Signature of the grievant and the date the grievance is submitted to the administrator.
2. Within ten (10) days of receiving a written grievance, the administrator may meet with the grievant and a representative (if the grievant requests a representative's presence) to resolve the grievance. The administrator shall respond to the written grievance within ten (10) days following such meeting with the grievant. In the event that no meeting is held after receipt of the written grievance, the administrator will respond within five days after receipt of the written grievance. In responding to a formal grievance, the administrator will include the following information in a written statement:
 - a. Date the written grievance was received by the administrator;

- b. Disposition of the administrator;
- c. Signature of the administrator and the date the response is returned to the teacher or the Association.

Formal Step Two

1. If the action on Formal Step One fails to resolve the grievance to the satisfaction of the affected parties, the grievance may be referred to the Superintendent. A grievance must be forwarded to the Superintendent within ten (10) days following the Formal Step One response or it shall be deemed invalid. The grievance shall be filed in writing and shall include all details specified of Formal Step One (items a-f).
2. Within ten (10) days of receiving a written grievance, the Superintendent or his/her representative shall meet with the grievant and a representative of the Association to resolve the grievance. The Superintendent or his/her representative shall respond to the written grievance within then (10) days following such meeting with the grievant.

Formal Step Three

1. If the decision in Step Two is not acceptable to the grievant, the grievant shall, within ten (10) days, submit a letter requesting a review by the Board of Education. The letter to the Board shall include a copy of the grievance, a written explanation citing the specific circumstances that led to the grievance, the section of the contract violated, and the Superintendent's written response from Step Two.
2. Upon receipt of the above mentioned materials, the Board of Education may request additional written materials from the grievant or the superintendent, and shall, within 12 days, schedule a hearing with the grievant. This hearing may be waived by the grievant when filing for a review.

The grievant or the grievant's representative and a representative of the School Administration will conduct a pre-hearing conference at least five days prior to the Board hearing for the purpose of exchanging exhibits and a witness list. The parties at this pre-hearing conference will make efforts to agree upon stipulations of fact and the submission of exhibits. At the hearing, the grievant may be represented by an attorney or another representative of his/her choice. The grievant will have the burden of presenting first at the hearing and will have the burden of proof.

3. Within forty-five (45) days after the hearing or if the hearing is waived, receipt of the letter requesting a review, the Board of Education shall issue its written response to the grievance. Acknowledging that the Board of Education, by law, to the grievance number without identification of any names of individuals.

1. No reprisal of any kind shall be taken by or against any participant in the grievance procedure by reason of such participation.
2. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel file of the participant and are not valid basis for evaluations or consideration for professional advancement.
3. Time limits herein may be extended only by mutually agreeing and signed by the parties.
4. Time limits herein apply to teachers on leave of absence other than illness leave, as if such teacher were present and working.
5. All steps (except the Informal Step) of the grievance procedure shall be conducted during non-regular work hours or at times mutually agreeable to the parties.
6. If there is a failure at any step by the Administration to communicate the decision on a grievance within the specified time limit, the grievant shall then have the right to appeal at the next step of the procedure.
7. Any grievance not advanced from one step to the next within the time limits shall be deemed resolved by the answer at the previous step.
8. Any grievance that arose prior to the effective date of the Agreement or after the termination date of this agreement shall not be processed.
9. A teacher may not use the grievance procedure in any way to appeal discharge or a decision by the Board not to renew such teacher's contract.
10. No teacher shall use the grievance procedure to dispute any action by the Board that is in accordance with the State Tenure laws.
11. No teacher shall use the grievance procedure to appeal any decision of the Board or Administration if such decision is pursuant to any order of or written agreement

with any State or Federal regulatory commission or agency or any court order.

12. When a teacher, group of teachers or the Association decides to file a grievance on a specific provision of the Agreement, that grievance will preclude filing an unfair labor charge on the same provision by the grievant.

ARTICLE VII - THE AGREEMENT

This Agreement supersedes and cancels all previous agreements, whether verbal or written or based on alleged past practices, between the Board and the Association and constitutes the entire agreement between the parties.

The parties agree that this Agreement shall supersede any rules, regulations, policies, or practices of the Board that would be contradictory or inconsistent with the terms of this Agreement. Any individual contracts between the Board and an individual member of the bargaining unit shall be made subject to this Agreement.
