Other Ancillary Work or Other Duties

Curriculum Work

Extra work, such as curriculum work that is required to be completed during school break periods including summer, will be paid at an hourly rate equivalent to the teacher's hourly rate based on their contract at 7.5 hours per day. This provision also includes attendance at required professional development or training sessions during break periods including summer but excludes activities that have traditionally occurred during meetings such as faculty, PLC, grade level, etc. that occur as extension of the school day.

Summer School

A teacher assigned to teach a summer school class shall be paid for each hour of student instruction on an hourly rate basis. The teacher's regular hourly rate will be computed by dividing the teacher's per diem under the teacher's regular contract by six (6). However, in those circumstances where the summer school class teacher's salary is being paid through a grant, the Superintendent shall have the discretion to compute the teacher's per diem under the teacher's regular contract by seven and one-half (7.5) if necessary, in order to adequately staff the grant supported class.

Notice of non-bargained and information

Portions of this contract unrelated to wages are the school's policy, were not bargained, and are included for informational purposes only. With prior notice to the Superintendent's office, a summer school teacher may use leave as provided in this agreement during the summer school day. Leave time will be deducted in one-half day increments if the class is 3 hours or less. When possible, a teacher shall give at least 24 hours' notice of such leave in order to qualify for use of leave under this provision. Substitutes will be provided on the same basis as during the regular school year.

Article III – Wage / Salary-Related Fringe Benefits

She shall also notify the Superintendent of the expected length of this leave, including with this notice either a physician's statement certifying the pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. The teacher shall notify the Superintendent of her intention to return the following school year by no later than June 1 or in the event of a baby born after May 1, 30 days following the birth of the child, whichever comes later except that the teacher is to notify the Superintendent at least 30 days prior to the next school year starting. Such a request will be made in writing and will include a description of the mitigating circumstances. The Superintendent's decision to grant or deny such a request shall be final. In case of a medical emergency caused by pregnancy, the teacher shall be granted a leave as otherwise provided in this section, immediately upon her request and certification of the emergency from an attending physician.

Upon return from the leave, reasonable efforts will be made to place the teacher in the same or a comparable position to which the teacher held prior to the leave. When this is not possible in the Board's judgment, the returning teacher shall be offered another bargaining unit position. Refusal to accept the position offered shall constitute resignation.

Such physician's statement, if requested, shall be paid for by the Board.

6. Contributions to individual VEBA/HRA accounts shall be controlled by the applicable VEBA/HRA provisions found at article III.

Personal Leave

1. Teachers shall be granted five (5) days per year for the transaction of personal business.
2. Request for use of these days shall be submitted in writing at least two (2) days prior to the use of days.
3. In case of emergency, the two (2) days' notice requirement can be waived by the Superintendent.
4. Unused personal leave days will be transferred to accumulated sick leave at the end of the school year. The rate of transfer will be one (1) day of sick leave for each unused day of personal leave.
