Each Teacher employed under a regular contract shall be entitled to be absent from work because of personal illness/family illness for a total of ten (10) days without loss of compensation. If in any one year the Teacher shall be absent for such illness less than the prescribed number of days, the remaining days shall be accumulative to a total of one hundred and eighty-two (182) days. A Teacher employed, by contract, for only a portion of the school year shall be entitled to the proportionate number of yearly sick leave days as the contract relates to the school year. Teachers new to Northeastern Wayne School Corporation may bring five (5) days of their accumulated sick leave each year from their prior public school employment for their first five consecutive years as an employee of Northeastern Wayne School Corporation. School holidays falling in this period shall be counted as school days. "Immediate family" shall be interpreted as including only mother, father, sister, brother, children, stepchildren, husband, wife, grandchild, grandparent, and any permanent member of the Teacher's household. Relatives by marriage of the Teacher's current spouse who are also defined as "immediate family" include only mother-in-law, father-in-law, daughter-in-law, son-in-law, brother-in-law, sister-in-law and spouse's grandparents.

1. A Teacher who is pregnant shall be granted a leave of absence anytime between the commencement of her pregnancy and one (1) year following the birth of the child, if she notifies the Superintendent, in writing, at least thirty (30) days before the date on which she wishes to start her leave. Said notification shall include a statement of the expected length of leave, a physician's statement certifying the pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. However, in the case of medical emergency caused by the pregnancy, the Teacher shall be granted a leave, as otherwise provided in this section, immediately upon her request and upon the Teacher providing certification of the emergency from an attending physician.
2. All or part of a leave by a Teacher caused by a temporary disability due to pregnancy may be charged, at the Teacher's discretion, to her available sick leave. The number of sick leave days shall be requested at the time the leave is requested. However, the Teacher is not entitled to take accumulated sick leave days when the Teacher's physician certifies that the Teacher is capable of performing the Teacher's regular duties. The Teacher is, however, entitled to complete the remaining leave without pay. Maternity leave may be taken without jeopardy to reemployment, salary, and fringe benefits.

G. Paternity Leave

A Teacher may take up to five (5) school days of parental leave upon the birth of a child. These days shall be deducted from the teacher's accumulated sick leave.

H. Adoption Leave

A Teacher who has submitted an application for the purpose of adopting a child will be granted, upon written request, adoption leave, without pay, for a period not to exceed one (1) year from the time the adoptive child becomes available. The Teacher may use accumulated sick leave days up to thirty (30) school days, which must be taken within a period of five (5) school days before receiving the child to

1. The Board may grant a leave of absence or extend a leave of absence without pay for a period of up to one (1) year, for the purpose of study at an accredited college or university in a field of K-12 education. The Board reserves the right to establish the length of leave if such request is for less than one (1) year in duration. If a Teacher attends a professional leave opportunity that is one day (i.e., is not overnight) and no meals are provided, then the Teacher may request reimbursement up to a maximum of \$15.00 a day. If a Teacher attends a professional leave opportunity that is overnight and no meals are provided, then the Teacher may request reimbursement up to a maximum of \$25.00 a day. To be reimbursed under this provision, the Teacher must submit all itemized receipts to support the reimbursement and such receipts must be submitted within two weeks of the last day of the professional leave.
2. Visitation to other school corporations or educational institutions for the purpose of observing instructional techniques or other instruction-oriented programs.

K. Sick Leave Bank

The purpose of the Sick Leave Bank is to relieve Teachers from the financial burden of extended absence related to employment medical condition of the employee (or an immediate family member of the employee) that would require the prolonged absence of the employee from duty and would result in a substantial loss of income to the employee because the employee would have exhausted all paid leave available. "Immediate family" is defined in Article IV, Paragraph C.

2. The Sick Leave Bank is voluntary and Participants may withdraw at any time.
3. A Sick Leave Bank ("SLB") shall be established as follows:

To enroll, the Teacher shall contribute at least one (1) day of his/her sick leave to the SLB Account ("Account") within the first 30 work days of the Teacher's current contract. Teachers will also be permitted to enroll within the 30 days following the ratification of this Contract.
 - b. Participants may withdraw, at any time, by notifying the Superintendent in writing.

- c. Teachers who do not voluntarily enroll according to paragraph 3(a.) herein and those who withdraw according to paragraph 3(b.) herein may not participate in the SLB.
 - d. All Teachers who enroll and who do not withdraw from the SLB are automatically continued as Participants from year to year in the SLB.
 - e. Each Participant is required to contribute at least one (1) day of his/her sick leave to the Account every school year, except for the school year in which the Teacher enrolls in the SLB. This contribution must be made within the first 30 work days of the start of the school year.
 - f. All days contributed to the Account are permanent.
 - g. At such time that the number of days in the Account falls below twenty-five (25), an obligatory assessment of one (1) additional leave day shall be made upon all Participants.
 - 1. Participants may donate up to two (2) additional days at the time of the assessment.
 - 2. Participants who have no remaining leave to contribute may continue to participate without penalty.
4. Eligibility to request leave from the SLB shall be determined as follows:
- a. Participants must exhaust all current and accrued leave.
 - b. Participants must make a request in writing to the Superintendent.
 - . This requirement may be met by a member of the Participant's immediate family or by the Association on behalf of the Participant.

A copy of this request shall be provided to the Association President or designee.
 - c. Participants must include a signed physician's statement verifying the inability of the Participant to perform the duties of employment.
- 5.
- a. Where possible, this statement should also include the anticipated length of absence.
 - b. When the length of anticipated absence is unknown or longer than 15 days, the Participant shall present a physician's statement reconfirming continued disability.
 - c. Participants are not eligible if the absence is due to elective surgery or pregnancy in which the Participant has not been medically certified by a physician as being temporarily or permanently disabled.
 - d. Participants may not use the SLB to extend the period of leave beyond the school year in which the leave commenced.
 - e. Participants may use the SLB during the elimination period of the Long Term Disability ("LTD") coverage provided by the Corporation; however, once a Participant is eligible for LTD, Participants must elect LTD and are no longer permitted to use SLB while on LTD.
 - f. The maximum number of days that a Participant may draw from the Bank in any one school year shall be sixty (60) days.

L. Unpaid Leave

Teachers who have exhausted all leaves available to them via the master teacher contract and law and want to request additional unpaid leave days must make their request to the Superintendent. Additional unpaid leave days will be granted only if the Superintendent determines that extenuating circumstances exist to grant such leave, such as the request would be determined by the Superintendent to be a reasonable accommodation under the Americans with Disabilities Act.

M. Leave for persons outside of the definition of "immediate family"

If a Teacher would like to request leave under a provision in this Article IV for a person who falls outside of the applicable definition of "immediate family," then the Teacher may make a written request to the Superintendent stating the circumstances for the request, and the Superintendent in her sole discretion will determine whether to grant or deny the request.

ARTICLE V RETIREMENT BENEFITS

A. Additional Retirement Pay

Additional retirement pay shall be provided to a retiring Teacher according to the following requirements and provisions:

1. Payment will be based upon the salary schedule in effect during the Teacher's last year of service and will be made after the completion of the year the Teacher retires if notice was given in writing by March 31 of the Teacher's retirement year. If a Teacher would like to give notice after March 31, then the Teacher must make the request to the Superintendent and the Superintendent, in her sole discretion, may grant or deny the request.
2. The minimum age to receive retirement pay shall be fifty-five (55) years.
3. For Teachers hired during and before the 1995-96 school year, the Teacher, at the time of retirement, must have been employed in the service of the School Corporation and must have been employed a minimum of ten (10) consecutive years by the Northeastern Wayne School Corporation. For Teachers hired during and after the 1996-97 school year, the Teacher, at the time of retirement, must have been employed in the service of the School Corporation and must have been employed a minimum of fifteen (15) consecutive years by the Northeastern Wayne School Corporation;
4. Retirement pay will be computed as follows:
 - a. The Teacher's daily rate times one-half (1/2) the number of the Teacher's accumulated sick leave days, up to a maximum of one hundred and seventy-five (175) days, at the date of the Teacher's retirement. The Teacher's daily rate is calculated by taking the Teacher's base salary in effect during the Teacher's last year of employment with the School Corporation and dividing it by the number of teacher days in that school year; or
 - a. Fifty dollars (\$50) times the Teacher's number of consecutive years of service in the School Corporation up to a maximum of seven hundred fifty dollars (\$750).
5. The maximum payment under either Plan 4(a) or Plan 4(b) shall be limited; eighty-five hundred dollars (\$8,500).

6. The Teacher will receive the larger of Plan 4(a) or Plan 4(b), limited, however, by the maximum payment stipulated and provided in Article V, Section A, Paragraph Five (5) above.
7. For any Teacher who does not qualify for the Retirement Bridge Program or who elects not to participate in the Retirement Bridge Program, the School Board shall provide the Teachers upon his/her retirement from the School Corporation the opportunity to participate in the existing insurance plan of the School Corporation at his or her own expense, provided the Teacher is at least fifty-five (55) years of age when he or she retires under this section.

B. Retirement Severance Benefit (effective with respect to any Teacher retiring on or after the 1st day of July 2004).

An individual who is employed as a bargaining unit member at the time of retirement or severance from employment will be eligible for the following severance benefits provided the Teacher has otherwise satisfied the requirements and conditions described below.

1. Group Health Insurance - Immediately following severance, the Teacher and his/her spouse, if any, shall have the option of remaining in the Corporation's current group health insurance plan if all of the following conditions are met as of the date of severance and thereafter:
2. While the retired teacher and spouse, if any, remain enrolled in the health insurance plan, the retired teacher and spouse shall pay the entire insurance premium applicable to the insurance coverage, with premium payment to be made monthly for each succeeding year.
3. Within ninety (90) days of the severance date, the Teacher has provided a written request to the School Corporation for continuing insurance coverage for the Teacher and his/her spouse, if any.

When a retired teacher first becomes eligible for Medicare, the retired teacher's eligibility to continue to participate in the Corporation's group health insurance plan shall terminate, if not earlier terminated according to applicable law. (The same termination of eligibility shall also apply when a retired teacher's spouse first becomes eligible for Medicare.) It is acknowledged that the parties intend these provisions to comply with applicable federal and state laws that establish an eligible teacher's right to continue health insurance for the Teacher and spouse, including if otherwise applicable, Indiana Code 5-10-8-2.6. Therefore, this right to extended coverage shall not override any rights to continuing health care coverage as required by COBRA.

C. Buy Out of Retirement Benefits

1. Elimination of Prior Agreement's Retirement & Severance Plan.

The Board and the Association specifically reserved the authority to revise or terminate the retirement benefits contained in earlier agreements. Exercising this authority, the Board and the Association confirm that Article V, Section B. (now located in Appendix C of this Agreement for reference purposes), entitled Retirement Bridge Program, was previously in the Agreement, and is terminated and shall not apply to any teacher retiring or severing employment with the School Corporation on or after effective date of the termination, except that those teachers who are eligible to retire prior to the start of the 2006-07 school year may elect to retire under the provision of this section or the retirement provisions contained in the prior Agreement. To

exercise such an option, the eligible teachers must submit a one-time irrevocable letter to the Superintendent indicating their choice no later than September 1, 2004. Those teachers who retired or severed employment before the effective date shall only be entitled to the retirement benefits contained in the prior agreement as of the time of his or her retirement, but as may be otherwise revised from time to time.

2. Entitlement to Retirement Benefits and Vesting Requirements

a. A teacher shall be fully vested in the Retirement Benefits described in this Article V, Section C if the retiring teacher has satisfied the following requirements:

. The teacher has reached the age of fifty-five (55); and

i. If hired prior to 1996-1997, the teacher must have at least ten (10) years continuous service, or if hired for the 1996-97 school year and thereafter, the teacher must have at least fifteen (15) years continuous service with the School Corporation for which credit has been granted by the Board.

b. The teacher must notify the Board in writing through the Superintendent of his/her intent to retire by March 31 of the year of retirement.

3. Actuarial Determination of Value of the Current Retirement and Severance Pay Plan.

The Educational Services Corporation was selected to determine the present value of the unfunded severance benefits and retirement bridge benefits described in the prior Agreement. In making this present value determination, the Educational Services Corporation used the following assumptions:

a. The assumed interest rate for the purpose of determining the present value is four percent (4%) in the first two (2) years of the plan and seven and one half percent (7.5%) each year thereafter. However for post-retirement cash flow purposes, a four (4%) interest rate shall be used.

b. It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-eight (58), or at the end of the current year if the individual is already age fifty-eight (58) or older. If an employee continues employment after the attainment of age fifty-eight (58), the employee does continue to receive all ongoing Board contributions to the 401(a) and VEBA if any, and the employee does continue to share in any future forfeitures.

c. The anticipated amount of the Additional Retirement Pay and the Retirement Bridge Program shall be determined using the amount of annual benefit described in Article V of the prior Agreement. However, it is assumed that individuals do not retire until the later of: (a) the attainment of age fifty-eight (58), or (b) satisfaction of the eligibility requirements of this Article V, Section C.

d. Using the method of calculation described in Article V of the prior Agreement, the severance benefit for each employee will be determined, subject to the following adjustments:

1. Sick leave accumulation shall be calculated as of June 30, 2004, with each teacher's accumulation increased by 5 days per year, for each year, until age fifty-eight (58)

- e. The present value of the future Retirement Benefit payments will be reduced by the Social Security and Medicare taxes (FICA) that would have been payable if the retirement benefits had been paid directly to the employee.
- f. A termination rate of two point one percent (2.1%) shall be applied.
- g. The salary inflation rate shall be two percent (2%).
- h. For calculation purposes under this section the single health insurance premium shall be assumed to be six thousand dollars \$6,000.
- i. Employees hired after the 30th day of June 2004 shall not be entitled to any payment for the eliminated retirement bridge or severance benefits. In other words, no contribution shall be made for individuals hired or rehired after the 30th day of June 2004.
- j. Amounts forfeited upon termination of employment because of the failure to meet the applicable vesting requirements shall not be reinstated or re-credited if an individual is subsequently rehired or re-employed by the school corporation. However, if the Board approves a leave of absence for an employee such period of leave shall not result in forfeiture, provided the employee shall promptly return to employment following the expiration of the period of leave.
- k. The present value of the Retirement Benefits plan under the prior agreement shall be calculated, effective as of the 30th day of June 2004. The deposit date shall be prior to December 31, 2004 and an amount of \$41,146 shall be paid by the Corporation in interest to the individual Buy Out participants for interest earnings from the calculation date to the deposit date.
- l. To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with his or her basic data that will be used in the calculations, including, but not limited to, the following information as of the 30th day of June, 2004: base salary, age, years of service, and accumulated sick leave. The Educational Services Company shall assist in the preparation of this verification sheet for each teacher. However, the Board will have the responsibility to forward the verification sheets to the respective teachers. Any corrections must be returned to the Board within ten (10) days of receipt of the verification sheets.

Using the above assumptions and the other assumptions contained on the buy out spreadsheet, the Educational Services Company shall prepare the present value calculations for each teacher and the contributions described hereinafter will be made.

D. Buy Out Contributions

- a. VEBA. The School Corporation shall contribute to a voluntary employees' beneficiary association ("VEBA") as described in section 501(c)(9) of the Code, that amount representing the present value of the group health insurance benefits and term life insurance as calculated for all employees under subsection 3 above. The terms and conditions for the administration and operations of the VEBA shall be as follows:
 - 1. The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how

his or her account shall be invested among the investment options made available by the vendor for the VEBA.

2. Until such time that an employee has retired and satisfied the eligibility requirements set forth in this Article V, Section C, the employee shall have no access to the assets held in his or her separate VEBA account.
3. If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in this Article V, Section C, the terminated employee's VEBA account shall be forfeited. Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present value calculations. Therefore, the VEBA accounts of the following employees will not share in the reallocation of a forfeiture of a VEBA account:
 - (i) Employees who forfeited their VEBA accounts in the same year.
 - (ii) Employees who previously forfeited their VEBA accounts; and
 - (iii) Employees who have attained the age of fifty-nine (59) and terminated employment in or before the year of the reallocated forfeiture.

Furthermore, VEBA accounts of employees who have attained the age of fifty-nine (59), but who have not terminated employment may share in the reallocated forfeiture but on a reduced actuarial basis.

1. Following retirement and the satisfaction of the requirements set forth in this Article, a retired employee may use the amounts held in his/her separate VEBA account to purchase from the Corporation or any other vendor of the teachers choosing health insurance premiums, term life insurance premiums, and to be reimbursed for unreimbursed medical expenses of the employee, spouse, and dependents. Furthermore, following the death of an employee who had otherwise satisfied the requirements of this Article V, Section C, any amounts remaining in the deceased employee's VEBA account may continue to be used to pay these premiums and expenses of the employee's spouse and dependents. At no time may the VEBA makes loans to an employee, his/her spouse, or his/her dependents.
 2. The School Corporation shall not be paid any compensation for its services performed on behalf of the VEBA. All costs incurred in the administration of the VEBA and investment fees shall be paid from the VEBA assets.
- b. 401(a) Plan. The School Corporation shall establish a qualified retirement plan as described in section 401(a) of the Code. The total sum of the amount calculated by Educational Services Corporation as the present value for the retirement pay and severance benefits shall be contributed by the School Corporation to the 401(a) plan by the 31st day of December, 2004. The 401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:
1. The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the 401(a) Plan.
 2. Until such time that an employee has retired and satisfied the

eligibility requirements set forth in this Article V, Section C, the employee shall have no access to the assets held in his or her separate 401(a) plan account.

If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in this Article V, Section C, the terminated employee's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the 401(a) plan accounts of the following employees will not share in the reallocation of a forfeiture of a 401(a) plan account:

Employees who forfeited their 401(a) plan accounts in the same year;

Employees who previously forfeited their 401(a) plan accounts; and

Employees who have attained age fifty-nine (59) and terminated employment in or before the year of the reallocated forfeiture.

Furthermore, 401(a) plan accounts of employees who have attained the age of fifty-nine (59), but have not terminated employment may share in the reallocated forfeiture, but on a reduced actuarial basis.

Following retirement and the satisfaction of the requirements set forth in this Article V, Section C, a retired employee may elect to commence distributions from his 401(a) plan account. If an employee dies after having satisfied the requirements of this Article V, Section C, the deceased employee's 401(a) plan account shall be distributable to the decedent's designated beneficiary or to his/her estate if no beneficiary designation has been made. At no time may a participant borrow from his/her 401(a) plan account.

The School Corporation shall not be paid any compensation for its services performed on behalf of the 401(a) plan. All costs incurred in the administration of the 401(a) plan and investment fees shall be paid from the 401(a) plan assets

Future Adjustments

The parties agree that this Article V, Section C, or any other provision of this Agreement, does not constitute an expectation of receiving the enumerated retirement benefits by any current employee, future employee, prospective employee or applicant beyond the expiration of this Agreement. Therefore, except as otherwise limited by applicable law, it is understood that the Board and Association may in the future bargain modifications of any kind to this provision, provided however, that the future revision of this Article V, Section C shall not affect the retirement benefits of teachers already receiving benefits pursuant to this Section C.

1. For Teachers hired after June 30, 2004, the Board agrees to contribute into each individual's separate 401(a) account one half of one percent (.5%).

- b. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the 401(a) Plan.

2. Each bargaining unit member shall be 100% vested in these individual 401(a) accounts.

F. Retirement Savings VEBA Plan

- a. The School Corporation shall contribute to a voluntary employees' beneficiary association ("VEBA") as described in section 501(c)(9) of the Code.

For all Teachers the Board agrees to contribute one half of one percent (.5%) into each individual's VEBA account.

The Board shall make equal monthly contributions throughout the school year, and will complete its contributions on or before August 1 of each succeeding year. There will be no commingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the VEBA plan.

Each bargaining unit member shall be 100% vested in these individual VEBA accounts.

ARTICLE VI GRIEVANCE PROCEDURES

A. Definitions

1. A "grievance" is a claim by one (1) or more Teachers of a violation, a misapplication, or a misinterpretation of an express Article or Section of this written Contract.
2. The term "Teacher" includes any individual or group of individuals within the bargaining unit.
3. The term "day" when used in this Article shall be school teaching days. During the summer recess, the term shall mean weekdays, except when July 4th is on a weekday.

- B. Both parties agree that these proceedings shall be kept as confidential as may be appropriate at each level of the procedure.

- C. Nothing contained herein shall be construed to prevent any individual Teacher from presenting a grievance and having the grievance adjusted if the adjustment is not inconsistent with the terms of this Contract, and the Association has been given an opportunity to be present at such hearings.

D. Procedure

1. The number of days indicated at each level shall be considered as maximum and efforts shall be made to expedite the process. The time limits may be extended by mutual consent in writing by authorized representatives of each party.
2. Level One — Within ten (10) days of the time the grievant first knew or should have known of the act or condition upon which it is based, the grievant must inform the Teacher's principal during nonteaching hours of the need to discuss the grievance. A Teacher with a grievance may meet with the principal in one of the following ways:
 - a. He/she may meet with the principal concerned and discuss the matter in his/her own behalf; or
 - b. He/she may request a representative of the Association accompany him/her in meeting with the principal, provided the principal is informed in advance of the grievant's

intention to bring a representative. In such case, the supervisor shall not initiate any consultation with the grievant prior to any scheduled meeting at which the representative is to be present. Failure to meet and discuss the alleged grievance as provided herein shall prevent the grievant from filing the alleged grievance at any formal grievance level(s).

- c. In the event that steps "a" or "b" above are unsuccessful, the Teacher may file a formal grievance in writing on the designated form, shown in Appendix "D." This form shall be filed with one (1) copy to the principal, and one (1) for the Superintendent. A formal grievance shall be filed as soon as possible but in no event later than twenty (20) days of the time the grievant first knew or should have known of the act or condition upon which it is based.
 - d. Within five (5) days of the filing of the formal grievance in writing a meeting shall take place between the principal concerned, the grievant, and the Association representative; and an answer to the grievance shall be given to the grievant in writing within five (5) days.
 3. Level Two - If the grievance is not settled at Level One, it may be appealed to the Board by filing a written notice, within ten (10) days of the written answer, to the Board's chief administrator, the Superintendent, stating the grounds for the appeal. A meeting with the Board or its designated representative(s) shall be held within ten (10) days following The receipt of such notice and the Superintendent shall promptly notify the grievant and the Association of the date, the time, and the place where such appeal shall be heard. The Board's written decision shall be transmitted to the grievant and the Association within three (3) days after the hearing.
 4. Level Three - Within ten (10) days of the receipt of the decision at Level Two, the grievance may be submitted to arbitration. The Association shall notify the Board of its intention to submit the matter to arbitration within this ten (10) day period. After notification that the matter shall be submitted to arbitration, the following procedures shall be followed:
 - a. The two (2) parties shall attempt to select an arbitrator by mutual agreement. If they cannot agree upon an arbitrator within five (5) days after notification is given, the arbitrator shall be selected by the American Arbitration Association in accordance with its rules, which shall likewise govern the arbitration hearing. The arbitrator shall set forth his/her findings and conclusions on the issues submitted. The parties agree to be bound by the award of the arbitrator.
 - b. The fees and expenses of the arbitrator under this Article shall be divided equally between the Board and the Association. All other expenses shall be borne by the party incurring them, and neither party shall be responsible for the expense of the witnesses called by the other.
- E. General Provisions
1. No reprisal of any kind shall be taken by or against any participant in the grievance procedure by reason of such participation;
 2. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel file of the participant;
 3. Failure at any level of this procedure to render the decision on a grievance within the specified time limits shall permit the grievant to proceed to the next level, unless the time limits are extended by mutual consent of both parties. However, the grievance must be appealed by the grievant to the next level within the specified time limit for that level or said grievance shall be deemed resolved by the Board's answer at the previous level and abandoned.

4. Decisions rendered at Formal Level One, Two, and Three of this Procedure shall be in writing.
5. Any hearing at Formal Level One, Two, and Three shall be held during nonteaching hours.
6. No teacher shall use this procedure to appeal any decision by the Board or Administration if such decision is applicable to a State or Federal Regulatory Commission or Agency.
7. Teachers shall follow all written and verbal directives, even if such directives are allegedly in conflict with this Contract. Compliance with such directives will not in any way prejudice the teacher's right to file a grievance with the time limits herein, nor shall compliance affect the ultimate resolution of the grievance.

ARTICLE VII

TERM AND GENERAL PROVISIONS

- A. Unless otherwise noted, this Agreement shall be effective as of July 1, 2025 and shall continue in **full** force and effect through June 30, 2026.

All other provisions or applications shall continue in full force and effect. Nothing in this Contract shall supersede state or federal law.

APPENDIX A: COMPENSATION MODEL

The compensation model bargained between the Northeastern Wayne School Corporation and Northeastern Wayne Classroom Teachers Association is set forth herein.

COMPENSATION MODEL

General Eligibility Criteria

Under Indiana Code 20-28-9-1.5, a teacher rated “Ineffective” or “Improvement Necessary” may not receive any raise or increment for the following year unless eligible for the increase in accordance with Indiana Code 20-28-9-1.5(f). In other words, should a teacher’s evaluation rating fall into one of the bottom two performance categories, the teacher’s salary will remain the same as the previous year, or for all practical purposes the salary amount is frozen.

Factors and Definitions

EVALUATION, defined as: The teacher received a highly effective or effective evaluation rating for the preceding school year.

MEETING ACADEMIC NEEDS OF STUDENTS, defined as the need, as determined by the Board of School Trustees, to retain particular returning teachers important to the School Corporation to ensure educational continuity for students.

EDUCATION, defined as a Master’s Degree in a content area recognized by the Indiana Department of Education.

Salary Base Increase

1. Eligible returning teachers who had received in the previous school year an evaluation ranking of either “effective” or “highly effective” will receive a base increase of \$3,000.00 for the 2025-2026 school year.
2. Eligible returning teachers will receive an additional base increase of \$700.00 for the salary factor of the academic needs of the students.
3. Teachers who earned a qualifying Master’s Degree for the first time after the start of the 2025- 2026 school year will receive a base increase of \$2,300.00.

4. Teachers who have a Literacy Endorsement will have their base salary increased by \$250.00 more than those teachers without such an endorsement.

Salary Range

The salary range before base salary increases are given is \$43,571 to \$77,223.

The salary range after base salary increases are given is \$47,271 to \$80,923.

Placement of New Teachers on the Salary Schedule

Typically, new hires with no previous teaching experience will be placed on the salary schedule in row A and in their appropriate degree column. Typically, new hires with previous teaching experience will be placed in the appropriate column that matches their current degree/education and on the row number that matches their current years of experience (or the row number that mirrors a current employee's years of experience) as verified through Indiana's TRF (INPRS) or equivalent retirement system of another state. For initial placement purposes only, the row numbers will equate to years of teaching experience.

Despite the typical placement rules stated above, the Superintendent shall always have the sole discretion to place a new hire on the salary schedule at a level on the schedule that is lower than the typical placement.

Despite the typical placement rules stated above, the Superintendent shall also have the discretion to place a new hire at a level on the salary schedule that is one or two levels higher on the schedule than the typical placement; the Superintendent shall notify the Association President (or the President's designee) upon any deviation from the typical placement. If the Superintendent would like to deviate higher than two levels, then the Association President (or the President's designee) and Superintendent must agree. **Appendix A is included within the School Corporation's Plan.**

APPENDIX C

Retirement Bridge Program

(Eliminated 9-28-2004 as part of the PL199 Agreement, but continues to apply to teachers who retired prior to the start of 2006-2007 school year.)

Applicable for a teacher who first retires from teaching beginning with the retirement school year of 1996-97, the Board may approve a teacher to participate in a Retirement Bridge Program, (hereinafter called the "Program"), in this School Corporation.

1. To be eligible a teacher must meet all the following requirements and provisions:
 - a. Be at least 55 years of age by July 31 immediately following the close of the preceding school year; and
 - b. If hired prior to 1996-1997, have at least ten (10) years continuous service, or, if hired for the 1996-1997 year and thereafter, have at least fifteen (15) years continuous service with this School Corporation for which credit has been granted by the Board; and
 - c. Said teacher shall notify the Office of the Superintendent in writing on or before January 1 of his or her intent to leave the School Corporation at the end of the present school year.
2. The early retirement stipend shall be fifty-five per cent (55%) of the difference between the Bachelor with zero experience and maximum Master Salary per year (July 1 to June 30) for each subsequent year following the year of retirement up to and including the year said teacher first becomes of eligible age to begin receiving full social security benefits. In no case may any teacher qualify for payment under this Program exceeding five (5) years. This Program is to be used in conjunction with Article IV, Section N of this Contract, and payment shall be made in accordance with Article IV, Section J of this Contract
3. The amount of the yearly stipend provided herein shall be frozen for the individual teacher at the time such teacher begins participation in this Program, even though such stipend may be subsequently changed through bargaining of a successor(s) to the Contract.
4. If said teacher is enrolled in the School Corporation group health insurance plan during the school year immediately preceding the retirement, such teacher may continue to be enrolled in the said plan until teacher qualifies for Medicare, with the School Corporation paying the cost of single medical insurance policy. The teacher is eligible to request deductions for the difference in the cost for a family coverage plan.
5. Said teacher shall cease to be a participant in said Program, and no further compensation as provided hereinabove in Paragraph 2 will be due or payable to said teacher, when:
 - a. The teacher first becomes of eligible age to start receiving full social security benefits; or
 - b. The teacher has received the maximum number of payments for which the teacher qualifies (not to exceed five [5] years); or
 - c. The teacher has died before completion of said Program, whichever is earlier.
6. Teachers retiring under the plan prior to July 1, 1995 shall continue to receive this benefit under the formula outlined in the 1993-1995 contract.
