Placement of New Teachers on the Salary Schedule

Typically, newly hired teachers will be placed on the salary schedule in the appropriate column for their current degree/education and in the row number that corresponds to their current years of public school teaching experience.

Despite the typical placement rules stated above, the Superintendent shall also have the discretion to place a new hire at a level on the schedule that is higher than the usual placement.

The following provision regarding supplemental payments is included for informational purposes only and was not bargained for.

Pursuant to Indiana Code 20-28-9-1.5(a), a school corporation is permitted to provide a supplemental payment to a teacher in excess of the salary specified in the school corporation's compensation plan. For the 2023-24 school year, the School Corporation will make the following supplemental payments in accordance with Indiana Code 20-28-9-1.5(a):

1. To teachers who have earned a master's degree since July 1, 2017, while they are employed at Eastern Hancock, when the Superintendent has determined in her/his sole discretion that the master's degree will provide a benefit to the School Corporation. When the Superintendent determines that a supplemental payment should be paid under Indiana Code 20-28-9-1.5(a), and the Board approves such supplemental payment, the

teacher who has earned the master's degree will receive a one-time base salary increase of \$2,500.00. This may be provided on a prorated basis during the first year.

2. To teachers whose base salary increase under the 2024-25 Contract does not result in a total base salary commensurate with their current degree/education and years of teaching experience, the teacher will receive an additional base salary increase in such amount as is necessary to bring the teacher's 2024-25 total base salary to the level commensurate with their current degree/education and years of public school teaching experience.

D. Salary Range

The salary range for all full-time teachers, before base salary increases, is established.
\$47,250 - \$85,524

E. Ancillary Duty Compensation.

The parties agree to the following ancillary duty compensation.
See the details below for information on ancillary duties included here for the extra-curricular and co-curricular pay schedule.

Teachers performing the extra ancillary duties as determined by the school employer and provided herein will be paid a stipend in the amount(s) stipulated herein. The stipend includes pay for services rendered before school starts, during vacation periods, and after school closes.

A teacher's performance of an extra ancillary duty assignment(s) shall be on a year-to-year basis at the sole discretion of the school employer.

Teachers performing the following extra ancillary duties, as determined by the building principal, will be paid at the following rates:

A Minimum of \$30.00 per ancillary duty/event:

Ancillary Duties

Public Address

Timer

Scorer

Judge

Proctor, Reader, Audio-Visual

Concessions

Ticket Handling

Starter

Ancillary Event

Athletic Events

Vocal Music Programs

Band Programs

Drama Productions

Science Fair

A Minimum of \$30.00 per ancillary duty: Student Supervision -After School Program

\$125.00 per day for the following ancillary duty: Curriculum development and planning beyond the teacher's contracted days.

A one-time stipend of \$2,500 will be paid to any teacher who completes all steps (such as licensure and training) to make the teacher eligible to serve as a school bus driver. Additionally, a teacher who performs driving duties will be paid the substitute driver rate.

If a teacher forfeits his/her preparation planning time to teach additional classes at the school corporation's suggestion, the School Administration, in its sole discretion, may pay the teacher an ancillary duty stipend.

The stipend range for teaching during preparation time will be determined by the individual teacher's hourly salary rate multiplied by the amount of time required for the additional duty. Other factors may be considered when determining the stipend amount, such as the nature of the extra duty undertaken. For example, teaching an additional class requires a greater commitment of time than a strictly supervisory duty that does not involve preparation or grading, resulting in a higher stipend.

F. Insurance Premium Holiday

The Corporation is a member of the East Central Indiana School Trust. If the Trustees of the East Central Indiana School Trust approve a premium holiday, the holiday shall be shared equitably between the Corporation and its employees who participate in medical coverage provided through the East Central Indiana School Trust. Specifically, the Corporation shall receive a credit towards the amount of premium payable under the terms of this Agreement equal to the portion of the Corporation's normal contribution that is not paid as a result of the premium holiday.

G. Pay Schedule

This provision is intended to establish an alternative wage payment arrangement in accordance with Indiana Code 20-26-5-32.2. Teachers will be paid in 26 equal installments. The payroll schedule for the school year(s) covered by this Agreement is as follows:

Application for a PTO day(s) shall be submitted through the School Corporation's applicable electronic program before the occurrence of such leave, except during sickness or an emergency as determined by the Superintendent. PTO days may be taken at any time upon approval by the building principal and the Office of the Superintendent. PTO day(s) will not be approved immediately preceding or following an extended weekend or a school break, except for emergencies as determined by the Superintendent.

Teachers must provide a note from their doctor or request permission from the superintendent or designee if they want to take more than two consecutive PTO days.

A newly hired teacher may transfer verified, unused sick days at a rate of 25% per year from their prior district over a period of 4 years. Returning teachers' days will be transferred based on years of service, prorated according to the start date, and the formula described above.

I. Bereavement Leave

In the case of the death of a regularly employed teacher's spouse, child, expected child, or stepchild, the teacher is entitled to be absent without loss of compensation for a period extending ten (10) total school days. In the case of the death of any other person in the immediate family of a regularly employed teacher, the teacher is entitled to be absent without loss of compensation for not more than five (5) total school days for the purpose of attending the last burial rites, and attending to other personal matters of the immediate family member, provided, however, that said burial rites occur while said teacher is performing duties as assigned by the school employer under a valid teacher's contract; and that said burial rites do not happen during the time of absence, or sick leaves, or leaves for personal business, which may have been previously granted or approved by the school employer. Any other person who, at the time of death, was living as a member of the teacher's household will be considered as a member of the immediate family.

In the case of the death of a person who is not an immediate family member of a regularly employed teacher but is another relative, the teacher is entitled to be absent without loss of compensation for up to two (2) total school days. These days may not be split and must be used consecutively unless otherwise approved by the Superintendent. The bereavement leave days granted herein may be used for the purpose of attending the last burial rites of the deceased relative, provided, however, that said burial rites occur while said teacher is performing duties assigned by the school employer under a valid teacher's contract; and that said burial rites do not happen during the time of absence or sick leaves, or leaves for personal business, which may have been previously granted or approved by the school employer. Examples of non-immediate family could include, but are not limited to, a spouse's grandparent, aunts, uncles, step-siblings, etc.

In the case of the death of a person who is not an immediate family member of the teacher but is a friend or colleague, the teacher may request one day of funeral leave to attend the funeral. The Superintendent has the sole discretion to grant or deny a request for funeral leave under this provision.

J. Parental Leave

In addition to employment and insurance protection provided under the FMLA, a teacher who becomes a new parent through birth or adoption will be permitted to take 5 days of paid parental leave consecutively within the first six weeks following the birth or adoptive placement and will also be allowed to use PTO and/or sick leave days for the remainder of their parental leave *without* providing any medical documentation as otherwise required under Section H of this Article.

K. Temporary Disability Leave

Upon application and approval by the school employer, a temporary disability leave of absence shall be granted to teachers of this school corporation on the following basis:

- a. Application of Provisions
 - i. This provision shall apply to leave in all cases where a teacher is unable to teach due to a disability of a substantial nature or duration, including major surgery.
 - ii. In case of a temporary disability caused by pregnancy, said teacher is entitled to leave of absence any time between the commencement of her pregnancy and one (1) year following the birth of the child, provided said teacher submits with the timely notice provided herein, a physician's statement certifying her pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. If said teacher elects to utilize her sick leave under the provisions of Paragraph C (2) herein, and said sick leave is exhausted, during her temporary disability caused by pregnancy, said teacher may be absent without pay, subject to all other provisions contained herein.
- b. Notification

After determining that such leave is imminent, the teacher shall give timely notice to The Office of the Superintendent, in writing, of the anticipated date he wishes to commence said leave of absence and the anticipated date of return.
- c. General Provisions Covering Said Leaves Are As Follows:
 - i. If said teacher desires to continue his duty assignment prior to the commencement of said leave, such notice must include a written statement from his physician attesting to the teacher's ability to continue performing the full schedule of the duties and responsibilities of his position and assignments. The said teacher will be permitted to continue on full active duty until such date, provided he performs the full duties and responsibilities of his position and assignments, and provides, from time to time upon request of the school employer, additional certification from his physician of his full ability to continue performing the full schedule of the duties and responsibilities of his position and assignments.

- ii. Said teacher may elect to utilize his accumulated sick leave during his period of temporary physical disability, provided a physician's statement and certification of physical disability are submitted to the Office of the Superintendent for any said temporary disability absence of more than 10 consecutive days. While on said leave, sick leave days will be paid for the number of assigned duty days the teacher is absent, provided a physician certifies the teacher to be physically disabled. This is limited to the sick leave days accumulated by the teacher at the time the leave commences.

Additional statements of certification by a physician of the temporary physical disability of said teacher may be required by the school employer, except for temporary disability caused by pregnancy, for said disability which exceeds a duration of twenty (20) consecutive days. In all cases, the school employer reserves the right to require a second examination by a school employer-appointed physician(s) to determine a teacher's fitness for duty.

1. to continue performing the full schedule of the duties and responsibilities of his position and assignments, and/or
2. to return to employment and resume the full performance of the duties and responsibilities to which he may be assigned.

In the case of a conflict of physicians' reports, the corporation may require a third physician's examination and report. The school employer shall bear the cost of such examination(s).

No leave under this provision shall be granted for a period exceeding one (1) year.

K. Jury Duty

A teacher called for grand or petit jury duty shall, during the required period of absence from assigned duty by the school employer, be paid a full regular salary minus the total per diem allowance earned for jury duty.

L. Sabbatical or Study Leave.

A teacher may apply to the school employer for a temporary leave of absence without pay for a period of up to one (1) year.

A sabbatical or study leave of absence may only be granted to a teacher after six (6) years of teaching service in this school corporation. The approval of a sabbatical, study, civic affairs, adoptive, or immediate family illness leave of absence is not subject to the grievance procedure.

N. Leave for Student-Caused Injury

The Corporation will ensure that a teacher who misses work during the seven (7) day waiting period for Workers' Compensation due to a workplace injury caused by a student's assault/battery of the teacher will receive pay for each work day missed (up to five days). These days will not be charged against the employee's sick or personal leave. Payment of these days by the Corporation's Workers' Compensation carrier satisfies this requirement.

O. School Event Passes

The school employer will provide each certificated school employee's family with two (2) passes to all school-sponsored athletic events.

P. Other Continuing Education Tuition Payment

Continuing education tuition payments by the school corporation may be permitted if the Superintendent approves the master's degree program and the teacher's plan for degree completion. All proposed plans are at the discretion of the Superintendent to approve or deny. Participation will be granted in the order plans are received until no funds remain for the program. There will be no payment approved if the teacher is getting the tuition for free. If a teacher discontinues or pauses the degree program (such as taking a semester off), that teacher's program participation will be paused, and the payment request will be processed *following* the requests from teachers *actively* pursuing a degree. The Superintendent will no longer approve requests/plans when funds have been exhausted, and it is understood that the program may, therefore, be discontinued at any time. If a teacher resigns (including retirement) from the school corporation within four years of completion of the degree, the teacher will be required to reimburse the school corporation for the tuition paid, at the following rates:

- within one year of degree completion=100% of the total payment by the school corporation

- 2-3 years of degree completion=50%
- 3-4 years of degree completion=25%
