This notice period may be waived in the event of a medical emergency. Said employee shall also notify the superintendent of the expected length of this leave, including with this notice either a physician’s statement certifying her pregnancy or a copy of the birth certificate of the newborn, whichever is applicable. In case of a medical emergency, the employee shall be granted a leave, as otherwise provided in this section, immediately, upon her request and certification of the emergency from an attending physician. All or any portion of leave taken by a female employee because of a disability caused by her pregnancy will be charged to her accumulated or available sick leave. After her accumulated sick leave has been exhausted, the employee’s leave shall be without compensation. Any female employee for whom leave is granted for the purposes of this paragraph shall notify the Corporation at leave thirty (30) calendar days prior to her anticipated return to work. Other than leave due to disability caused by pregnancy which is charged to her accumulated sick leave, an employee shall not receive credit for leave time in accumulation of years of experience and years of employment with the Corporation for purposes of determining salary benefits, tenure and seniority and retirement severance pay; provided, however that such leave shall not operate to interrupt the accumulation of such years of employment but only delay, to the extent of such leave, the accumulation of years toward such employee’s tenure rights and salary increments.

Legal Leave/Jury Duty

In the event an employee is called to jury duty or subpoenaed to appear as a witness in court during any workday, such employee shall submit proof of the days served and any check received to the school's central office, for such services, excluding payment for meals and transportation to the office. Full payment shall be made to the school employee for any day(s) missed. If documentation of the jury duty and the check are not received, the employee will be charged an accumulated paid day off (if available) or an unpaid day (if an accumulated day is not available). This section shall not apply to a legal proceeding filed by the Association or any agent of the Association arising from employment outside the school corporation or matters of a personal nature. Jac-Cen-Del reserves the right to verify any documentation submitted.

Adoption Leave

Adoptive leave, without pay or benefits, shall be granted to a teacher requesting such a leave for a period of up to one (1) year. A teacher applying for adoptive leave shall, upon initial application with the adoptive agency, notify the Superintendent in writing of that intent. The period of leave shall commence when the child is physically turned over to the teacher-parent, or sooner, if required by the adoptive agency. If a teacher who was granted leave under this section wishes to continue insurance benefits during the period of the leave, it shall be the responsibility of the teacher to make arrangements, in advance, with the Corporation's Central Office to continue such insurance benefits at the individual's expense. A failure to make and follow through with such advance arrangements will result in the individual being dropped from the group plan. This provision is subject to the approval of the carrier(s). The teacher may elect to utilize any or all of his/her accumulated sick and personal days during this adoption leave.

SICK LEAVE BANK

The Corporation and Association agree to establish a voluntary sick leave bank pursuant to IC 20-28-9-13 open to all bargaining unit employees of the Corporation, with the exception of employees who have a temporary contract. The operation of said bank shall be governed by and subject to the following provisions:

The sick leave bank may be used by a member of the bank only after the member has exhausted her/his accumulated sick days. No one member may draw more than 20 days from the bank during any one school year.

Use of said bank is limited to those bargaining unit employee members who have qualifying event (as listed below) or are quarantined as provided in IC 20-28-9-9.

- The care of a family member with a serious health condition (child, parent, spouse).
- The employee's own serious illness or chronic health condition that requires prolonged care while under a doctor's supervision.

Application for membership in the bank shall be made in writing (on forms provided by the Association) on or before September 15th of each school year by each employee who desires to so participate therein. Said membership shall continue automatically each year thereafter until the Corporation is notified in writing on or before September 15th that a member no longer desires to be a member of the bank. New employees shall have the option to become a member of the bank within fifteen (15) calendar days after their employment during the school year. A school year is defined in the Article as the one hundred eighty-five (185) day regular school term.

Each member in the bank shall contribute one day of his/her available sick days to the bank when applying for membership in the bank. These days then become the property of the bank. If a former sick leave bank member reapplies for membership in the bank, he/she shall contribute another sick leave day.

If the accumulated number of days in the bank falls below ten (10) days prior to May 1st of any year, each bank member will be required to contribute an additional day of his/her available sick days to the bank, provided he/she wishes to continue membership in the bank. If any member has used all of his/her sick leave days, the additional day will be contributed as soon as new sick days are granted.

All unused days in the bank will always be carried forward for the next school year.

A member's use of the bank must be requested in writing and shall include a statement from the member's physician describing the nature of the illness and the prognosis for recovery satisfactory to return to work. By participation in the sick leave bank, each applicant automatically consents to submit to a medical examination by a physician retained by the Corporation at the Corporation's expense. Days granted from the bank can only be used for those reasons listed in "A."

Payment for the sick leave days granted from the bank will be made at a rate equal to the per diem rate of pay on the adopted salary schedule for the member granted access to the sick leave bank.

Sick leave bank days may be used only for contractual days during the (185) day regular school year; they may not be used for or during summer school employment under a supplemental contract.

Sick leave bank benefits shall not be granted for any day in which the member takes any other type of leave or attempts to combine other fringe benefits, if such leave or combination of benefits would operate in such a manner that the employee would draw double or otherwise increased pay for that day.

Leave from the sick leave bank may not be used for maternity or childbirth leave, insofar as such leave reflects accommodations made for the sake of convenience, or where the leave is not due to substantial and actual medical disability.

The maximum number of sick leave bank days granted from the bank to **all** members shall not be more than forty (40) days per school year. Under special circumstances the Sick Leave Bank Committee may review and determine if more days are necessary through an appeal process.

The Corporation shall have no liability or obligation to pay sick leave days from the sick leave bank at any time when such bank has been exhausted for the current school year.

The sick leave bank shall be administered by a Sick Leave Bank Committee composed of two (2) members selected by the Corporation and three (3) members selected by the Association. The decision

of the committee shall not be subject to the grievance procedures set forth in Article VI of this agreement.

A member shall apply for sick leave bank benefits through the Association on provided application forms. The superintendent shall submit such applications to the sick leave bank committee. Any member who wishes to apply should do so as soon as the need can be reasonably anticipated.

Sick leave bank days may not be granted from the bank for a period of disability when monies are paid to the employee under Worker's Compensation or other applicable forms of Corporation compensation. A person who has received sick leave days from the bank will be required to repay those days to the bank at the rate of two (2) days per year or one-fifth (1/5) of the total days used, not to exceed four (4) days each year (whichever number is greater) until all days have been repaid, even if the employee discontinues membership in the bank. If a member of the sick leave bank leaves the employment of the Corporation for any reason, including retirement, before total sick leave bank days are repaid, the remaining days will be deducted from the employee's total accumulated sick leave at the time or from the employee's severance pay upon retirement, if applicable. At no time will the cash equivalent of the remaining days be deducted from the teacher's salary except as the same may reduce severance pay.

An annual report of the bank will be provided by the Corporation and the Association for comparison on or before July 1st of each year.
