- 2.2 ***Immediate Family:*** The term "immediate family" shall mean spouse, child, mother, father, sister, brother, mother-in-law, father-in-law, daughter-in-law, son-in-law, sister-in-law, brother-in-law, grandparent, grandchild, or any member of the family unit with legal residence in the teacher's household.
- 2.3 ***Association:*** The term "Association" shall mean the Baugo Education Association.
- 2.4 ***Employer:*** The term "employer" shall mean the Board of School Trustees of the Baugo Community School Corporation and/or any person or persons authorized to act for the board in dealing with its employees.

Article 4 - Homebound Teaching

- 4.1 A teacher of homebound students will be paid the professional hourly rate as computed from the teacher's salary schedule. This hourly rate shall be computed on the basis of six (6) hours as a full day of service.

Article 5 – Summer School

- 5.1 Teachers of summer school classes shall be issued a supplemental teacher's contract and shall be paid for each hour of instruction at an hourly rate based on their regular teacher's contract salary divided by one hundred eighty-five (185) contract days, divided by six (6) hour per day. [Pursuant to IC 20-28-6-7(c) this provision was not bargained and has been included for informational purposes only.]

- 5.2 Teachers that work in a teacher aide position during summer school shall be paid at the rate of twenty-five dollars (\$25.00) per hour.

Article 6 – Purchase of Protective Clothing

- 6.1 The Board shall provide appropriate protective clothing to all teachers assigned subject areas where their clothing is subjected to excessive grease, dirt, chemicals, etc.

Article 7 – Grievance Procedure

- 7.1 A. A grievance shall be defined as an assertion by a teacher that there has been a violation of this Agreement or a Memorandum of Understanding entered into by the parties.
- B. A “class grievance” means a grievance which has facts in common to a class of teachers or the Association, and which grievance affects more than one (1) teacher.
- C. Since it is important that a grievance be processed as rapidly as possible, the number of days indicated at each level should be a maximum and every effort should be made to expedite the process. “Days” shall mean teacher working days. Time limits may be extended by written agreement of both parties. If grievance is filed after May 1st and strict adherence to the time limits would result in hardship to either party, both parties will strive to resolve such grievance by the end of the school year or as soon thereafter as possible.
- D. All documents, communications, and records dealing with the proceeding of a grievance shall be filed separately from the personnel files of the participant(s).
- E. Time limits provided in this Agreement may be extended by mutual agreement in writing signed by the parties. Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall not prohibit the grievance to be appealed to the next step. Any grievance issue not advanced from Step One to the next within the time limits of that step shall be deemed resolved by the employer’s answer at the previous step without prejudice to other grievance, unless the Association agrees in writing with the settlement of the grievance; then it shall be resolved with prejudice to other grievances involving the same issue. Any grievance issue not appealed to arbitration shall be deemed resolved by the employer’s answer at the previous step without prejudice to other grievances, unless the Association agrees in writing with the settlement of the grievance; then it shall be resolved with prejudice to other grievance involving the same issue.
- F. There shall be no reprisal against any teacher for their participation in the grievance procedure.

G. Should the employer deem it necessary for the grievant and/or the Association president and/or vice-president to be in attendance during school hours in any grievance meeting reaching Step Two or beyond, any such teacher shall be released from regular duties for such period as deemed necessary by the employer without loss of salary or leave.

7.2 A teacher may present their grievance to the employer and have the grievance adjusted without intervention of the Association or its representatives as long as the adjustment is not inconsistent with the terms of this contract. If said teacher presents their grievance without the Association or its representative, the expenses incurred shall be borne by said teacher.

7.3 Informal Grievance Procedure:

In the event a teacher believes that there is a basis for a grievance, they shall, within fifteen (15) calendar days of the last occurrence of the alleged grievance, discuss the alleged grievance with their building principal or supervisor, either personally or accompanied by a representative or designee. Within five (5) working days after presentation of the complaint or grievance, the principal or other authorized administrator shall give their answer orally to the teacher.

7.4 Formal Grievance Procedure – Step One

A. Within five (5) working days of the oral answer, if the grievance is not resolved, the grievance shall be stated in writing, signed by the grievant and lodged with the principal or other authorized administrator on the prescribed form which is available from the building representative in each building. (See Appendix D)

B. In the “Statement of Grievance” the grievant(s) involved shall state the specific facts giving rise to the grievance, shall identify by appropriate reference all provisions of this Agreement of Board Policies alleged to be violated, and shall indicate the specific relief requested.

C. Within five (5) working days after receiving the grievance, the principal or other authorized administrator shall communicate their answer in writing to the grievant and the Association president.

7.5 Formal Grievance Procedure – Step Two:

A. If the grievance is not resolved in Step One, the grievant may, within ten (10) working days of the receipt of the principal or other authorized administrator’s answer, submit to the Superintendent or their authorized designee a completed “Statement of Grievance” signed by the grievant. A copy shall be given to the principal, teacher representative, and the Association President.

B. The Superintendent or their authorized representative shall have ten (10) working days to meet with the grievant and/or representative(s) and to answer the

grievance in writing. If further time is needed, additional time may be allowed by mutual agreement in writing by the Superintendent or their designee, teacher representative, and the Association President.

7.6 Formal Grievance Procedure – Step Three:

If the Association is not satisfied with the disposition at Step Two, the Association may submit a written appeal to the President of the Board of School Trustees within ten (10) working days of the receipt of the written disposition by the Superintendent or their authorized representative, or in the event the Superintendent or their authorized representative fails to issue a written disposition within the time limit, within thirty (30) working days of the appeal of the grievance to Step Two. Upon written request to the President of the Board of School Trustees the Association shall be entitled to a meeting with the Board to discuss the grievance prior to the Board's final decision. The Board of School Trustees will review the grievance, make its decision, and notify the Association at the earliest opportunity. The decision of the Board shall be final.

A. Effective January 1, 2003, the Board agrees to establish and maintain a qualified retirement plan pursuant to section 401(a) of the U.S. Internal Revenue Code (hereinafter referred to as the 401(a) plan) for all teachers. Effective January 1, 2003, through January 1, 2006, the Board will contribute an amount equal to one percent (1%) of each teacher's base salary annually into the 401(a) plan on behalf of each teacher. Effective January 1, 2006, the Board will contribute an amount equal to one-half percent (1/2%) of each teacher's base salary annually into each individual 401(a) plan on behalf of each teacher. This annual one-half percent (1/2%) contribution will be deposited into the 401(a) plan on a monthly basis as the base salary is paid.

B. The Board agrees to establish and maintain a VEBA (Voluntary Employee Benefit Association) pursuant to 501(a)(9) of the Internal Revenue Code. Effective January 1, 2006, the Board will contribute an amount equal to one-half percent (1/2%) of each teacher's base salary annually into an individual VEBA account on behalf of each teacher. This annual one-half percent (1/2%) contribution will be deposited into the VEBA account on a monthly basis as the base salary is paid. In addition to this ongoing contribution the Board shall deposit a onetime lump sum payment of one hundred dollars (\$100.00) into an individual VEBA account on behalf of each teacher.

C. The ongoing contribution to the 401(a) account and the individual VEBA account on behalf of a teacher will vest with that teacher after the teacher

completes one (1) year of service. For purposes of this Article, one (1) year of service shall be credited upon completion of one hundred twenty (120) school days in a given school year.

16.2 Entitlement to Retirement Severance Benefits and Vesting Requirements

Upon retirement from the Corporation, a teacher shall be fully vested in the retirement severance benefits described in Section 16.4 if the retiring teacher has satisfied the following requirements:

The teacher must have completed not less than ten (10) full years of service as a professional educator with the Corporation.

16.3 Actuarial Determination of Value of the Current Retirement Severance Benefits

The Educational Services Company has been selected to determine the present value of the unfunded retirement severance benefits described in Article 28 of the prior Agreement. In making this present value determination, the Educational Services Company shall use the following assumptions:

A. **Interest Rate.** The assumed interest rate for the purpose of determining the present value is four and one half percent (4.5%) in the first three (3) years of the plan and seven and three- quarters percent (7.75%) each year thereafter.

B. **Retirement Age.** It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-eight (58), provided the teacher meets the requirements of 16.2 above, or at the end of the current year if the individual is already age fifty-eight (58) or older.

C. **Termination Assumption.** The Termination Assumption shall be calculated at a two percent (2.0%) annual rate.

D. **Sick Leave Accumulation.** Using the method of calculation described in Article 28 of the prior Agreement, the retirement severance benefit for each employee will be determined, subject to the following adjustments:

1. Sick leave accumulation shall be calculated as of August 31, 2005, and a number of days equal to the average of the employee's annual accrual of sick days, shall be assumed to accumulate for each individual from the date to age fifty-eight (58).

2. In no case will the assumed annual accrual be less than five (5) days or more than (9) days.

E. Employees whose first contractual day is after the 31st day of August, 2005, shall not be entitled to any payment for the eliminated retirement severance

benefits. In other words, no contribution shall be made for individuals whose first contractual day is after the 31st day of August, 2005.

F. Rehired Teacher. Amounts forfeited upon termination of employment because of the failure to meet the applicable vesting requirements shall not be reinstated or re-credited if an individual is subsequently rehired or re-employed by the school corporation. However, if the Board approves a leave of absence for an employee; such period of leave shall not result in forfeiture, provided the employee shall promptly return to employment following the expiration of the period of leave.

G. Calculation Date. The present value of the retirement severance pay pursuant to Article 29, in effect prior to January 1, 2006, shall be calculated, effective as of the 31st day of August, 2005.

H. Verification of Information. To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with their basic data that will be used in the calculations, including, the following information:

- (1) Date of Birth
- (2) Years of Service with the Baugo Community Schools as of August 31, 2005
- (3) Base Salary as of August 31, 2005
- (4) Accumulated Sick Leave as of August 31, 2005

The Educational Services Company shall assist in the preparation of this verification sheet for each teacher. However, the Board will have the responsibility to forward the verification sheets to the respective teachers. Any corrections must be returned to the Board on or before December 21, 2005. Final calculations will be prepared and the contributions to the individual 401(a) and VEBA accounts will be made after this date. Corrections not returned to the Board by the teacher on or before December 21, 2005, shall be disregarded.

Using the above assumptions and the other assumptions contained on the buyout spreadsheet, the Educational Services Company shall prepare the present value calculations for each teacher and the contributions described hereinafter will be made.

16.4 Buy-out Contributions

A. The school corporation shall contribute to an individual VEBA account on behalf of each teacher fifty percent (50%) of the amount representing the present value of the retirement severance pay as calculated for employees under subsection 16.3 above. The Security Benefit Health Reimbursement Arrangement shall administer the VEBA and shall be the single investment vendor for the VEBA. The terms and conditions for the administration and operations of the VEBA shall be as follows:

1. The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how their account shall be invested among the investment options made available by the vendor for the VEBA.

2. The employee shall have no access to the assets held in their separate VEBA account until such time that an employee has retired and satisfied the eligibility requirements set forth in this Article.

3. If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in this Article, the terminated employee's VEBA account shall be forfeited. Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present value calculations. Therefore, the VEBA accounts of the following employees will not share in the reallocation of a forfeiture of a VEBA account:

- (i) Employees who forfeited their VEBA account in the same year;
- (ii) Employees who previously forfeited their VEBA accounts; and
- (iii) Employees who have attained the age of fifty-eight (58) and terminated employment in or before the year of the reallocated forfeiture.

Furthermore, VEBA accounts of employees who have attained the age of fifty-eight (58), but who have not terminated employment may share in the reallocated forfeiture, but on a reduced actuarial basis.

4. Following retirement and the satisfaction of the requirements set forth in this Article, retired employee may use the amounts held in their separate VEBA account to pay health insurance premiums, term life insurance premiums, and to be reimbursed for unreimbursed medical expenses of the employee, spouse, and dependents. Furthermore, following the death of an employee who had otherwise satisfied the requirements of this Article, any amounts remaining in the deceased employee's VEBA account may continue to be used to pay these premiums and expenses of the employee's spouse and dependents. At no time may the VEBA make loans to an employee, their spouse, or their dependents.

B. The school corporation shall contribute to an individual 401(a) account on behalf of each teacher fifty percent (50%) of the amount representing the present value for the retirement severance pay as calculated for employees under subsection 16.3 above. Security Benefits shall administer the 401(a) plan and shall be the single investment vendor for the Baugo Community Schools 401(a). The terms and conditions for the administration and operations of the 401(a) shall be as follows:

1. The amount calculated for each employee will be invested in a separate account. There will be no commingling of accounts and each employee may determine how

their account shall be invested among the investment options made available by the investment vendor for the 401(a) Plan.

2. The employee shall have no access to the assets held in their separate 401(a) plan account, until such time that an employee has retired and satisfied the eligibility requirements set forth in this Article. At no time may a participant borrow from the 401(a) plan account.

3. If an employee retires or otherwise terminates employment before satisfaction of the requirements set forth in this Article, the terminated employee's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the 401(a) plan accounts of the following employees will not share in the reallocation of a forfeiture of a 401(a) plan account.

- (i) Employees who forfeited their 401(a) plan accounts in the same year;
- (ii) Employees who previously forfeited their 401(a) plan accounts; and
- (iii) Employees who have attained age of fifty-eight (58) and terminated employment in or before the year of the reallocated forfeiture.

Furthermore, 401(a) plan accounts of employees who have attained the age of fifty-eight (58), but have not terminated employment may share in the reallocated forfeiture, but on a reduced actuarial basis.

4. Following retirement and the satisfaction of the requirements set forth in subsection 16.3 of this Article, a retired employee may elect to commence distributions from their 401(a) plan account. If an employee dies after having satisfied the requirements of this Article, the deceased employee's 401(a) plan account shall be distributable to the decedent's designated beneficiary or to their estate if no beneficiary designation has been made. At no time may a participant borrow from the 401(a) plan account.

Article 17 – Conference Attendance

- 17.1 Application for Professional Conference leave shall be made by completing the form found in Appendix D. The principal shall indicate their recommendation on the form and forward it to the Superintendent. Teachers on approved professional conference leave shall receive their regular salary and, in addition, will be reimbursed for documented claims for mileage, registration, meals, and lodging.

Article 18 – Transportation Allowance

- 18.1 Teachers required in the course of their work to drive personal automobiles from one school building to another, shall receive a car allowance equal to the allowable IRS mileage rate.

- 18.2 It shall be the responsibility of the teacher to keep a log of dates, nature of business, points of origin and destination, odometer readings, and miles traveled, and to submit the appropriate claim form to the Education Service Center.

Article 19 – Jury Duty and Witness Leave

19.1 Jury Duty Leave:

In the event a teacher is summoned to serve as a juror in a court of law, the teacher shall be granted jury duty leave for the hours of the normal school day during which the teacher is required to fulfill the duties of a juror. Such leave shall result in no loss of salary, provided that the teacher provides the employer with sufficient evidence of the amount of money received by the teacher from the court as compensation for such services. This amount will be deducted from the teacher's daily rate of pay.

19.2 Witness Leave:

Provided the teacher is not a plaintiff in the pending case, in the event a teacher is subpoenaed to serve as a witness before a court of law or governmental administrative agency, the teacher shall be granted witness leave for the hours of the normal school day during which the teacher is required to testify. Such leave shall result in no loss of salary, provided that the teacher provides the employer with sufficient documentation of the amount of money received as compensation for such service. The amount will be deducted from the teacher's daily rate of pay.

Article 20 – Personal Leave

- 20.1 Upon reporting for one full workday each school year, a teacher shall be entitled to three (3) days paid personal leave for transaction of personal business. A teacher who teaches less than a full school year shall receive a prorated number of personal leave days rounded to the next full day. A personal leave day request should be submitted to the substitute management system at least one (1) hour prior to the close of the normal school day.
- 20.2 A teacher may use paid personal leave in order to extend (by a single day) a holiday or scheduled recess so long as the teacher follows the procedure set out in 20.1 above. However, the teacher will be required to relinquish two (2) days of their paid personal leave in exchange for the approval of the requested leave.
- 20.3 Any unused personal leave days will be transferred to Personnel Illness Leave days at the end of each contract year.
- 20.4 With the approval of the Superintendent, a teacher may be allowed additional personal leave days not to exceed the number of personal leave days unused by the

teacher during the previous school year. The Superintendent's approval must be obtained prior to the use of such days. More than three (3) personal leave days may be used consecutively in cases of unique and/or unusual circumstances and with approval from the superintendent.
